We Would Like Your Thoughts.

As a person interested in the Elevator Project, we want you to feel a part of the project. We would like your input as to where we place the emphasis on future activities. We have a number of small projects that we continue to work on and we have two larger projects that we are Fund Raising for.

The Projects are:

1) The feedshed addition to provide washrooms, heating system, and space for the Coffee Stop (as the present office space is often bursting at the seams—standing room only). This would allow the feedshed to be used all year long.

2) Mural on the “Little Giant Shed”. The scene would illustrate the Little Giant being driven by a horse treadmill – a typical scene of its early operation. A banner saying “Home of the Little Giant” would be added.

Your thoughts as to which project we should give priority too would be appreciated. Feel free to talk to us and make donations at the Pancake Breakfast and other donations may be directed to either project.

Coffee Stop
